Attention: Remove or stow away shoulder strap prior to cycling

Attention: Maximum load per pannier is 9kg / 20 lbs. We recommend weighing each loaded pannier to confirm that the maximum allowance of the pannier fixation is not exceeded. This practice is advised for both rear and front panniers. CAUTION: The maximum weight capacity of every carrier model is different. Please observe the maximum weight allowance of the carrier fitted to your bicycle. Note: Sometimes the maximum capacity of the panniers fixing system can exceed the maximum capacity of the carrier. DO NOT exceed the maximum capacity of the carrier! Note, that the use of panniers will significantly influence the handling properties of your bicycle.

Note: In order to reach protection standard IP67 (6= dustproof, 7= protected against penetration of water during temporary immersion, depth 1 meter/39 inch, lower edge of product, duration 30 minutes) the zipper must be entirely closed.
