## SPECIFICATIONS:

- + Classical rear pannier with roll closure
- + Abrasion resistant Cordura fabric
- + QL2.1 system for racks up to 16 mm
- + Upper QL hook and lower sliding hook adjustable without tools
- + Including reduction pieces for tube diameters 8, 10 and 12 mm; with anti-scratch function reducing abrasions on rack
- + Outer pocket with additional 3L volume
- + Lower hook rail made of two-component „hard-soft“ synthetic reduces abrasions on carrier
- + Including integrated inner pocket
- + Shoulder strap with flap that allows direct fixation of the strap to the bag
- + Can be used right or left due to symmetrical shape
- + Can be combined on the rack with ORTLIEBRack-Packsize 24 L or 31 L
- + Highly reflective Scotchlite reflector
- + Easy to clean inside

**Contents:** Pannier with shoulder straps and reduction inserts for 8, 10 and 12 mm

**Optional accessories:** Pannier Stabilizing Insert, Packing Cubes/Pannier Commuting Insert, Pannier Carrying System, Anti-Theft-Device (E125), Outer Pocket 2,1 L, Mesh-Pocket, Bottle-Cage, QL2.1 hook 18mm (E211) & 20mm (E193)

**Attention:** Maximum load per pannier is 9kg / 20 lbs. We recommend weighing each loaded pannier to confirm that the maximum allowance of the pannier fixation is not exceeded. This practice is advised for both rear and front panniers. CAUTION: The maximum weight capacity of every carrier model is different. Please observe the maximum weight allowance of the carrier fitted to your bicycle. Note: Sometimes the maximum capacity of the panniers fixing system can exceed the maximum capacity of the carrier. DONOT exceed the maximum capacity of the carrier! Note, that the use of panniers will significantly influence the handling properties of your bicycle.

**Attention:** As abrasion cannot be ruled out, we recommend that all points where the mounting system contacts the bicycle rack or frame be protected by scratch protection film.

**Note:** In order to meet standard IP64 (6=dustproof 4=protected against splash water coming from all directions) the lid must be rolled 3-4 times.
